

| Day 1 | | | | | | |
|---------------------------------------|-------------|---|--|-------------------|---------------------------|---------|
| Session No | Time | Topic | Sub topic | Faculty Moderator | Faculty Lecture/Panelists | Remarks |
| Video workshop- 1 (Videos- 10 min) | 0900-1000h | Basics of dermatosurgery: A stitch in time saves nine The most important clotting factor is the surgeon | Sequence <ol style="list-style-type: none"> 1. Basic requirements of a skin OT (5 min) 2. Sutures for simple excisions (7 min) 3. Advanced sutures (7 min) 4. Suturing complications and challenges in handling complications/special situations (10 min) 5. Local anesthesia in various situations (10 min) 6. Dressings of wounds (6 min) 7. Audience interaction- Challenges in management (15 min) | | | |
| Video workshop- 2 | 1000h-1100h | Vitiligo surgery: the truth, the hope and the change | Sequence <ol style="list-style-type: none"> 1. Unstable vitiligo management (5 min) 2. Large areas on trunk/limbs- NCES (10 min) 3. NCES versus FCES (7 min) | | | |

| | | | | | |
|------------------|------------|---|--|--|--|
| | | | <ol style="list-style-type: none"> 4. Special situations- eyelids/lips/others- suction blister (7 min) 5. Special situations - Palms/areola/genitalia- punch grafting (7 min) 6. Misc techniques- Jodhpur/total depigmentation/Laser/Innovations (9 min) 7. Audience interaction- Challenges in management (15 min) | | |
| Video workshop-3 | 1100-1200h | Nail surgery: Life is not perfect but your nails can be | <p>Sequence</p> <ol style="list-style-type: none"> 1. Nail biopsy indications and anesthesia (5 min) 2. Nail biopsy procedures (7 min) 3. Ingrown toe nail (Basic) (7 min) 4. Ingrown toe nail (Advanced) (10 min) 5. Nail tumours (7 min) 6. Other interventions in nail (9 min)- Intramatricial inj/Lasers 7. Audience interaction- Challenges in management (15 min) | | |

| | | | | | |
|-------------------|------------|--|---|--|--|
| Video workshop-4 | 1200-1230h | Managing vascular lesions: Heart is not the only place where bleeding needs control | <p>Sequence</p> <ol style="list-style-type: none"> 1. Vascular tumours- Basic approach (5 min) 2. Sclerotherapy (7 min) 3. Lasers (7 min) 4. Misc procedures (5min) 5. Audience interaction- Challenges in management (6 min) | | |
| Video workshop-5 | 1230-1300 | Hidradenitis Suppurativa: Locating the leys to the invisible Epidemic | <p>Sequence</p> <ol style="list-style-type: none"> 1. Medical management + Supportive (7 min) 2. Procedural interventions (7 min) 3. Device based interventions (7 min) 4. Audience interaction- Challenges in management (9 min) | | |
| Lunch | 1300-1400 | | | | |
| Video workshop- 6 | 1400-1500h | Injectables: Confidence boosters | <p>Sequence</p> <ol style="list-style-type: none"> 1. Botulinum toxin- basic indications- forehead lines, crows' feet, bunny lines, gummy smile (12 min) | | |

| | | | | | |
|-------------------|------------|--|--|--|--|
| | | | <ol style="list-style-type: none"> 2. Botulinum for other indications- hyperhidrosis, pruritus hyperhidrosis, rosacea, post herpetic neuralgia, pruritus, Hailey Hailey (12 min) 3. Fillers for defects and scars- facial deformities, morphea, lipoatrophy (12 min) 4. Advanced filler indications- Lip enhancement, earlobe plumping, earring ptosis, breast and buttock enhancement (12 min) 5. Audience interaction- Challenges in management (12 min) | | |
| Video workshop- 7 | 1500-1600h | Facial rejuvenation: Turn back the clock | <p>Sequence</p> <ol style="list-style-type: none"> 1. Injectables for rejuvenation- PRP, Boosters, exosomes (10 min) 2. Devices for rejuvenation (10 min) 3. Chemicals for rejuvenation (10 min) 4. Threads (10 min) 5. Combination (10 min) 6. Audience interaction- Challenges in management (10 min) | | |

| | | | | | | |
|---|------------|---|--|--|--|--|
| Open House 1 Plus any questions for the day from delegates | 1600-1730 | Topic of the day Hair today, gone tomorrow | Hair loss AGA, FPHL, Scarring hair loss Medications, PRP, FUE, Dermaroller, Lights, Botulinum, Cosmeceuticals, Flaps | | | |
| Day 2 | | | | | | |
| Video workshop- 8 | 0900-0930 | Keloids and hypertrophic scars: no longer markers of survival | Sequence 1. Non energy based interventions (8 min) 2. Energy based interventions (8 min) 3. Surgery for keloids (8 min) 4. Audience interaction- challenging cases/complications | | | |
| Video Workshop- 9 | 0930-1030h | Cutaneous tumours: There is much more hope | Sequence 1. Dermoscopy in diagnosis (10 min) 2. Topicals, Cryo, RF (10 min) 3. Flaps (12 min) 4. Moh's (13 min) 5. Audience interaction- Challenging cases (15 min) | | | |

| | | | | | |
|-------------------|-----------|--|--|--|--|
| Video Workshop-10 | 1030-1100 | Fat preparation and transfer- A slim abdomen is a beauty forever | <p>Sequence</p> <ol style="list-style-type: none"> 1. Microfat steps of preparation and injection (8 min) 2. Fat for rejuvenation- Nanofat, SVC (8 min) 3. Fat for other indications (8 min) 4. Audience interaction- Challenging cases (6 min) | | |
| Video workshop-11 | 1100-1200 | Recent advances in dermatosurgery: Back to the future | <p>Sequence</p> <ol style="list-style-type: none"> 1. Stem cells (10 min) 2. HIFU (10 min) 3. Orbital rejuvenation (10 min) 4. Non surgical rhinoplasty (10 min) 5. Meso (10 min) 6. Audience interaction (10 min) | | |
| Video workshop-12 | 1200-1300 | Facial pigmentation- Fairness is not the only gospel truth | <p>Sequence</p> <ol style="list-style-type: none"> 1. Aetiology and approach (10 min) LPP, Acanthosis, Melasma, Riehls, Pigmented contact dermatitis, Periocular melanosis, PIH 2. Topical medications (10 min) 3. Chemical peels (10 min) 4. Bleaches (10 min) | | |
